Annex Worksheet 5

The **Eco Pirates** landed on the south-west coast of the Island of Doom. They travelled along the river bank and they saw many **plastic bottles** in the river. They collected them in the **banks** and turned right at the **Crystal Lake**. They went east towards the **Rocky Mountains**.

They saw many **drink cans** on the road and collected them in the banks. When they got to the Rocky Mountains, they turned left.

They went straight ahead until they reached the **Golden Lake**. There were many **glass bottles**. They collected them and put them in the banks.

There they turned right. They went through the **Palm Forest**. There were many **sheets of paper** thrown everywhere.

They couldn't find a place to bury the treasure so they got out of the forest and turned left again. They went straight ahead towards the **Silver Lake**. Near the Silver Lake people left many **textiles** which they didn't need any more. The Eco Pirates were tired.

They collected the **textiles** too.

They went past the **Little Forest**. They stopped when they got to the hill. They climbed up the hill and found a cave on the other side of the hill.

It was the perfect place to bury their treasure.
